### **A Message from our Founder, Amy Irvine, CFP®, EA, MPAS®, CCFC**

I started Rooted Planning Group out of frustration, because I really wanted to help clients build their wealth in a "different" way than the traditional wealth management firm. We are an all-female, ensemble fee-only financial planning firm, and I established our firm to always act as a fiduciary. Our services include cash flow analysis, goal planning, debt reduction and planning, student loan planning, tax planning (and preparation), education planning, investment planning, employee benefits, and risk planning.

We typically work with professional women and couples who fall in the Gen-Y, Gen-X or late-stage baby boomer age range. A fair number of our clients are lawyers, engineers, and small business owners.

It is our greatest desire to help other women feel empowered about their finances. We strive to help people grow their wealth, which sometimes means we start in the negative, with the goal of growing to the positive.
